

Operator Packet

Gulf Coast Charters Network

Alabama Gulf Coast flagship - Multi-operator marketplace

Contents

- 01 Operator / Independent Contractor Participation
- 02 Trip Listing Addendum (signature private trip)
- 03 Compliance Checklist acknowledgment

How to use

- 1. Fill blanks for legal names, vessel, and trip specifics.
- 2. Type name + date as electronic acknowledgment of this application.
- 3. Submit / return to Network for review.
- 4. Listing activation and Network countersignature follow human review.

Economics (proposed Network terms): ~12% Network fee / ~88% Operator / Non-exclusive / Stripe deposits per addendum.

Status after submit: Submitted / Under review. This packet does not auto-clear listings or certify vessel seaworthiness.

Guest waivers, tax forms, and bank onboarding are handled separately and are not part of this packet.

01 Operator / Independent Contractor Participation

Marketplace participation terms for the GCCN lean dock path.

Effective date _____

Network entity / dba _____

Operator legal name / dba _____

Vessel (name / HIN / docs) _____

Primary dock / home waters _____

1. Relationship

Operator participates in GCCN's multi-operator marketplace as an independent contractor, not an employee, partner, joint venturer, or agent of Network for employment purposes. Operator controls its own vessel, crew, safety decisions, and how charter services are performed, subject to law and marketplace rules.

2. Non-exclusive

This Agreement is non-exclusive. Operator may book guests outside GCCN. Network may list other operators. No territory or volume guarantee.

3. Marketplace fee & payouts

For bookings completed through GCCN (or Network-approved GCS listings), Network's marketplace fee is approximately twelve percent (12%) of the listed trip price paid by the guest (or such other rate stated on a Trip Listing Addendum). Operator keeps the remainder (approximately eighty-eight percent (88%)), subject to refunds, chargebacks, taxes Network is required to collect/remit (if any), and disclosed payment-processor fees. Payouts follow Network's payout schedule after trip completion. Operator is responsible for its own taxes; Network may issue Form 1099 (or successor) as required.

4. Bookings, deposits & guest funds

Guests book through Network's systems. Deposits are typically collected via Stripe (or Network's then-current processor). Default deposit percentage is set on each Trip Listing Addendum (often about 30% unless otherwise stated). Operator will honor confirmed bookings and Network's published cancel/weather rules for that listing.

5. Operator duties

Operator will: (a) maintain all licenses, USCG credentials, and vessel documentation required for the offered trip; (b) maintain insurance meeting Network's then-current COI requirements; (c) provide accurate listing info; (d) treat guests professionally; (e) not make prohibited marketing claims (including guaranteed catch or false scarcity); (f) promptly update Network if credentials, insurance, or vessel status change.

6. Network duties

Network will: (a) display approved listings; (b) process guest payments per published flow; (c) remit Operator's share per payout rules; (d) provide reasonable booking notices and guest contact info needed to run the trip.

7. Safety & authority

Operator (or Operator's master) has final authority on whether to sail for weather/safety. Network's Green-Yellow-Red weather framework guides guest communications and refunds; it does not override Operator's safety judgment or law.

8. Liability allocation

Mutual allocation of risk, indemnities, guest waivers, limitation of liability, and insurance additional-insured / waiver-of-subrogation requirements shall be as set forth in Network terms provided with Network countersignature.

9. Term & exit

Starts on Effective Date. Either party may end participation with written notice of _____ days (confirmed by Network), provided confirmed bookings are honored or mutually rebooked/refunded under the Addendum. Network may suspend listings immediately for safety, credential, insurance, fraud, or guest-harm concerns.

10. Entire dock packet

This participation form, each Trip Listing Addendum, and the Compliance Checklist acknowledgment form the lean dock packet. More detailed Master Terms (if any) control if later adopted and both parties sign.
